Action Working Dress (Number 4) Embroidered Badges

Also Leading Cadet/Petty Officer Cadet White Front Badges
& Physical Training Specialisation Singlet Badges

AWD badges are supplied roughly hand-cut from the fabric outside of a stitched outline.

The backing outside of the stitched line should be carefully torn away before trimming and folding the excess fabric under, prior to stitching the badge to the garment.

It *may* be useful to make a few cuts in the fabric at approximately 90 degrees to the stitched line around the top of the badge. This is known as feathering and will make it easier to follow the shape when folding under. **Take care not to cut the stitching.**

The backing inside the stitched line should not be torn away as it provides stability for the badge and removing it is likely to damage the embroidery.

Cadets and Petty Officer Instructors

AWD Badges are worn on the upper right arm of the Number Four Action Working Dress shirt, halfway between elbow and shoulder.

It is the same position you would expect to find specialisation badges on the Number One uniform.

Chief Petty Officers

AWD Badges are worn on the left breast of the Number Four Action Working Dress shirt, immediately above the left pocket. It is accepted practise to remove the name tape (if worn) if the badge is too large to fit with it in place.

Warrant Officers and Officers

Warrant Officers and Officers DO NOT wear AWD Badges.

AWD badges are only worn on AWD shirts. They are never worn on any other piece of uniform.

Only specialisation AWD badges may be worn. Proficiency badges are not worn on AWD uniform.

Leading and Petty Officer Cadet White Front badges

These badges are worn on the left arm of the White Front shirt, halfway between the shoulder and the cuff and are prepared and sewn on in the same way as AWD badges.

Physical Training Specialisation Singlet Badges (Blue or Red)

These badges are worn on the front of the singlet, mid chest, below the neck line. They are prepared and sewn on in the same way as AWD badges.

The blue-on-white badges may also be worn as AWD badges on number four uniform.

SCC Dress Regulations refer.
